

Important Introductory Note

Please read this note before consulting APM - 133-0.

- I. For determining years toward the eight-year limitation of service with certain academic titles, see APM - 133-0 printed below. APM - 133-0 applies to individuals who are appointed to one of the titles specified in 133-0-a, -b, or -c.

For determining years toward the eight-year limitation of service, the combined total of periods of leave unrelated to academic duties and time off the clock may not exceed two years. For exceptions to the eight-year limit, see APM - 133-12 and see the appropriate APM section for a specific title.

- II. This section does *not* cover limits on State funding for certain titles. See APM - 275-16-b for the Professor of Clinical (*e.g., Medicine*) series, APM - 270-16-b for the Professor in Residence series, APM - 278-16-a for the Health Sciences Clinical Professor series, and APM - 280-16-b for the Adjunct Professor series.

- III. Campuses may have service limits which are more restrictive than those in this APM section.

- IV. The maximum period of service in individual titles may be shorter than eight years. For further information, please consult the appropriate APM section for a specific title.

133-0 **Policy**

An academic appointee's current title (e.g., Assistant Professor, Assistant Astronomer) determines which of the following three subsections (a, b, or c) applies in order to compute that appointee's years of service which count toward the eight-year limit.

- a. This subsection applies to an individual who currently holds one of the following titles:

Assistant Professor, Assistant Agronomist, Assistant Supervisor of Physical Education, Assistant Astronomer, and Assistant Professor in Residence

Limitation on Total Period of Service with Certain Academic Titles

Periods of service on any campus of the University of California in any combination of the following titles count toward the eight-year limit in determining the status of an *Assistant Professor* under Section 103.9 of the Standing Orders of The Regents quoted below:

An Assistant Professor who has completed eight years of service in that title, or in that title in combination with other titles as established by the President, shall not be continued after the eighth year unless promoted to Associate Professor or Professor.

Service in the following titles is also applied to determine the eight-year limit for (1) other *academic appointees who hold a title eligible for tenure review* (i.e., Assistant Agronomist, Assistant Supervisor of Physical Education, Assistant Astronomer); (2) Assistant Professor in Residence, a title which is not eligible for tenure but which has the same criteria for appointment and promotion as an Assistant Professor.

The following additional provisions apply:

- (1) Unless otherwise indicated in the above list, an appointment at any percentage of time including 0 percent counts toward the eight-year limit. Appointments which are 0 percent time because the appointee is on leave may be eligible for exclusion (see APM - 133-17-g). Some campuses call 0 percent appointments “without salary (WOS) appointments.”
- (2) For information on temporary transfers, changes of status, and periods of leave in regard to the computation of years of service, see APM - 133-17-g. For information on breaks in service, see APM - 133-17-e.
- (3) In cases where there has been a review of an Assistant Professor or Assistant Professor in Residence and the Chancellor has decided not to continue the individual’s appointment in that series, the individual may not be appointed on any campus to certain faculty titles for a period of five years. For a list of these faculty titles, see APM - 133, Appendix A.

Years of service are calculated over a lifetime on any campus. For example, an individual who previously served as an Assistant Professor and who is appointed as an Assistant Professor on another campus after a break in service of five years will have previous years of service “on the clock” (APM - 133-17-e).

Limitation on Total Period of Service with Certain Academic Titles

- b. *This subsection applies to a person who holds the title Lecturer-Potential Security of Employment or Senior Lecturer-Potential Security of Employment.*

Note: Appointees with titles of Lecturer or Senior Lecturer who do *not* have the potential for security of employment are *not* subject to this eight-year limit. Other limitations of service, however, may apply. Please consult your Academic Personnel office.

Periods of service in any combination of the following titles on any campus of the University of California count toward the eight-year limit in determining the status of a *Lecturer-Potential Security of Employment (PSOE)* or *Senior Lecturer-Potential Security of Employment (PSOE)* appointed at more than 50 percent time. See Section 103.10 of the Standing Orders of The Regents.

- (2) For information on temporary transfers, changes of status, and periods of leave in regard to the computation of years of service, see APM - 133-17-g. For information on breaks in service, see APM - 133-17-e.

For a list of these faculty titles, see APM - 133, Appendix A.

The following provisions apply:

- (1) Unless otherwise indicated in the above list, an appointment at any percentage of time, including 0 percent, counts toward the eight-year limit. Appointments which are 0 percent because the appointee is on leave may be eligible for exclusion (see APM - 133-17-g). Some campuses call 0 percent appointments “without salary (WOS) appointments.”
- (2) For information on temporary transfers, changes of status, and periods of leave in regard to the computation of years of service, see APM - 133-17-g. For information on breaks in service, see APM - 133-17-e.
- (3) For purposes of calculating the eight-year limit, service on any campus of the University of California counts. “On any campus” means “anywhere in the Universitywide system.”

133-6 **Responsibility**

It is the responsibility of the Chancellor to arrange for appropriate reviews so that a decision may be made with regard to the future of the appointee which will assure compliance with APM - 133-0 and such requirements for notice as are set forth in the section of this Manual applicable to the title of the appointee.

133-12 **Exceptions**

- a. Standing Orders 103.9 and 103.10 provide that by exception the President may approve appointment of an Assistant Professor, a Lecturer-Potential Security of Employment, or a Senior Lecturer-Potential Security of Employment beyond the eighth year for no more than two years.
- b. Failure of the Chancellor or designee, through error or oversight, to comply with the provisions of APM - 133-6 as to non-reappointment shall be promptly corrected. In such case, if adequate notice cannot be given, the Chancellor may authorize an additional and terminal appointment in the same title for a period not to exceed one year. Neither the failure to provide the required notice nor the additional appointment shall afford tenure or security of employment. This authority may not be redelegated.

For a person to be promoted to a title that carries tenure or security of employment, the person must hold a title eligible for tenure or security of

Limitation on Total Period of Service with Certain Academic Titles

employment and the Chancellor must make in writing an affirmative decision which stems from a review process that involves consultation with the Academic Senate.

- c. Appointment at less than full time to a title listed in APM - 133-0-a while in student status on any campus of the University of California will not count toward the eight-year period of maximum service specified in that section.

133-17 Computation of Years of Service

The following rules of computation shall be observed for service by an appointee with any of the titles listed in APM - 133-0-a:

- a. Years of service are calculated from the beginning of the first complete semester or quarter of service.
- b. For an academic-year appointee, the eight-year period shall consist of sixteen complete semesters or, under the quarter system, twenty-four complete quarters, or a combination of these two with one semester equal to one and one-half quarters. However, no academic-year appointee shall accrue more than three quarters of service credit in any one fiscal year toward the eight-year period unless the fourth quarter was approved under an arrangement to provide compensatory time off and that year is immediately preceded or succeeded by a two-quarter year of service.
- c. For a fiscal-year appointee, the eight-year period shall consist of ninety-six months of completed service, inclusive of accrued vacation time.
- d. Complete semesters or quarters of service for an academic-year appointee and complete months of service for a fiscal-year appointee shall be counted regardless of the percentage of time of the appointment, except for those titles listed in APM -133-0-a requiring a stated minimum percent of full-time appointment.
- e. Any break in service, whether because of leave without salary or because of resignation and subsequent reappointment, does not invalidate the counting of service prior to the interruption.
- f. Service on any campus of the University of California is included in the computation.

Limitation on Total Period of Service with Certain Academic Titles

g. Applicability of Periods of Leave

The applicability of periods of leave toward the eight-year period shall be as follows:

- (1) Temporary transfers or changes of status from Assistant Professor (or any other title listed in APM - 133-0) to any other title or title series shall be regarded as periods of academically-related leave under this rule and shall be included as service toward the eight-year period.
- (2) A leave of absence, with or without salary, taken in the year in which the promotion review of an Assistant Professor is otherwise scheduled shall not provide a basis for postponement of that review.
- (3) Periods of leave, whether with or without salary, shall be included as service toward the eight-year period unless, upon the basis of a petition filed at the time leave is requested, or in the case of sick leave, normally within one quarter or semester after the leave is taken, the Chancellor, after consultation with the appropriate committee of the Academic Senate, determines that the activity undertaken during the course of the leave is substantially unrelated to the individual's academic career. The Chancellor shall report such a decision in writing to the individual.

However, any childbearing or parental leave, provided for in APM - 760-25 and 760-27 which is equal to or exceeds one semester or one quarter and which is not greater than one year, whether with or without salary, shall automatically be excluded from service toward the eight-year period unless the faculty member informs the department chair in writing before, during, or within one quarter or semester after the leave that it should not be excluded from service toward the eight-year period. (See APM - 133-17-a, -b, -c, -d, and -i.)

Note: Exclusion of one or two quarters or one semester will not necessarily delay the timing of a review.

- (4) For determining years toward the eight-year limitation of service, the combined total of periods of leave unrelated to academic duties and time off the clock may not exceed two years.

Limitation on Total Period of Service with Certain Academic Titles

h. Stopping the Clock for the Care of a Child or Children

A faculty member may stop the clock during the probationary period to care for a newborn child or a child under age five newly placed for adoption or foster care. To be eligible to stop the clock, a faculty member at the Assistant level must be responsible for 50 percent or more of the care of the child. The child may be the appointee's child or that of the appointee's spouse or domestic partner. The clock may be stopped for up to one year for each event of birth or placement; provided that all the time off the clock totals no more than two years in the probationary period. The birth or placement of one or more children at the same time constitutes a single event of birth or placement. A faculty member is eligible to stop the clock even if the faculty member does not take a formal leave or have a modification of duties. (See APM - 760-30 for additional provisions.)

i. Provisions of APM - 133-17-g and -h when combined may not exceed one year for each event of birth or placement for adoption or foster care.

j. Faculty members shall not be arbitrarily disadvantaged in their promotion, advancement, or compensation because they have elected to take a childbearing or parental leave, to stop the clock, or to defer a personnel review. Personnel reviews that are deferred due to a family accommodation as defined in APM - 760 should be treated procedurally in the same manner as personnel reviews conducted at the usual intervals. The file shall be evaluated without prejudice as if the work were done in the normal period of service and so stated in the department chair's letter.

133-20 **Notice of Non-Reappointment**

The schedule for the Professor series set forth in APM - 220-20 applies also to notice not to reappoint individuals with titles listed in APM - 133-0-a except for individuals with Acting or Visiting appointments. Appointments of these latter types are self-terminating with specified ending dates, and no further notice is required.
