

**Soda Hall Expansion**

- Construction of new addition (31,000 gsf) to Soda Hall (1994).
- Provides space for Design Innovation Institute, College of Engineering, to integrate invention, design, and manufacturing in solutions to real-world problems.
- Scope of project includes: collaborative design studios, custom prototyping laboratories, global ventures incubator, private and interactive workspaces.
- Campus will proceed to budget approval only when financial strategy is determined to be viable, based on fundraising progress.
- Project to be constructed as donor development.

**Budget Approval**
