

Marine Biomedical Sciences Building

- Constructs new research laboratory and lab-support space and offices to support cutting-edge marine biomedical research.
- Space shortages constrain the current operation and expansion capabilities of research initiatives such as marine biomedical sciences. New facilities are necessary to support research in marine-derived pharmaceuticals, chemical biology, genomics, and molecular and genetic biosynthesis, as well as efforts to promote discoveries benefiting public health.

Budget Approval

Budget Year	2013-14
-------------	---------

Project Scope Summary

ASF	26,200
GSF	42,800

Gift Campaign Summary

Gifts in Hand	\$0
Gifts Pledged	\$0
Gifts to be Raised	\$21,615,000
Total Budget	\$21,615,000

Summary of Budget by Fund Type

<u>Funding Source</u>	<u>Amount</u>
Gift Funds	\$21,615,000
Federal (Grant)	\$21,610,000
Total Budget	\$43,225,000
