

Davis Tercero Dining Commons Mechanical Room Renovation

Fiscal Year: 2014-15

Project Description

- Heating and domestic hot water systems serving the Tercero Dining Commons (DC) date back to 1966.
- Project will renovate the mechanical room at the Tercero DC, implementing a new district hot water system.
- Repurpose portion of the existing mechanical room to provide needed maintenance shop space.
- Increases seating in the Tercero DC to accommodate student load for full build-out of the Tercero neighborhood.
- Completes improvements to the Tercero DC bakery.
- New system will improve energy efficiency.
