

Santa Barbara

Jeff and Judy Henley Hall - Institute for Energy Efficiency Building

FY of Approval:

2014-15

Project Description

- Constructs a new Institute for Energy Efficiency Building essential for growth in this rapidly expanding and important area of research identified in UCSB's 2007-2025 *Strategic Academic Plan* .
- Provides a key opportunity to capitalize on UCSB's position as a leader in energy efficiency research and to contribute important solutions to the global energy crisis.
- Promotes increased program focus which will assist in securing research funding.
- Co-locates activities that are currently spread through eleven buildings.
- Project will move forward when sufficient gift funding is available.
