

Davis Facility for Distilled Beverage Science**Fiscal Year 2015-16****Project Description**

- Provides space for the preparation of fruit and plant materials, a central distillation hall, a barrel aging center, a research and product library, sensory analysis room, research analytical lab, and teaching space. No fermentation will occur in the distillery.
- To be located in the RMI district, south of the Jess Jackson Sustainable Winery Building.
- Will teach distillation of plant-based spirits as well as plant infusions and essential oils.
- Will allow for university-trained distillers, needed by craft distilleries, which in the US, has increased from 50 in 2005 to almost 250.
- Supports UC Davis to a position of global leadership in the teaching and research of the distilled beverage sciences.
- External advisory committee evaluating development prospects.

Project Scope Summary

ASF	5,600
GSF	8,000

Summary of Budget by Fund Type

Auxiliary Reserves		
Gift Funds	\$	7,600,000
Campus Funds	\$	-
Hospital Reserves	\$	-
Total Budget	\$	7,600,000
