

Davis	Recreation Pool Renovation
Fiscal Year	2016-17

Project Description

- Provides complete renovation to the Rec Pool facility in the Aquatic Center, which dates back to the late 1960s.
- Develops facility with multiple pools to provide space for recreational swimming and a "fitness" pool for lap swimming and possible sport club use (approx. 8,000 sf pool heated for year-round use; approx. 7,220 sf seasonal pool)
- Addresses issues related to the age of the facility and the changing ways in which the UC Davis community utilizes aquatic amenities, including code deficiencies, access (ADA), diving board, and pool decking, and deficiencies at the bathhouse; equipment and pool systems have reached the end of their useful lives.
- Provides facilities to accommodate multiple types of recreational aquatics on one site.
- Includes new pool operating systems, an outdoor pavilion to be repurposed from the existing bathhouse (approx. 3,350 sf), a new/renovated bathhouse, office, and entry area as well as other recreational components.
- Located on existing Rec Pool site, corner of La Rue Road and Hutchison Drive.

Project Scope Summary

ASF	9,000
GSF	15,000

Summary of Budget by Fund Type

Auxiliary Reserves	\$	10,000,000
Gift Funds	\$	-
Campus Funds	\$	-
Hospital Reserves	\$	-
Total Budget	\$	10,000,000
