

**Davis** **Veterinary Medical Center**

**Fiscal Year** **2015-16 to 2020-21**

**Project Description**

- The existing Vet Med Teaching Hospital (VMTH) is the oldest Veterinary Medicine Teaching Hospital in the country; the existing facility is more than 40 years old and faces obsolescence.
- Phased project constructs a replacement Veterinary Medical Center and renews the existing facility.
- Provides new equine clinical facilities, livestock medical facilities, small animal care facilities, renewal of the existing community practice (CAH), and renovation of the existing Vet Med Teaching Hospital to be repurposed for related uses.
- Part of master plan underway.
