UPDATING CONNEXXUS

The Connexxus Travel Program is currently being reviewed and providers assessed as part of a major redesign effort to improve the site and strengthen user experience.

As a systemwide travel program that combines discounts with a range of booking options Connexxus offers UC travelers excellent pricing, however initial design efforts did not include nor address the needs of all UC communities.

History of Connexxus:

The Connexxus program was started in response to the Board of Regents concerns over the level of travel spend throughout the UC system and the absence of any information or travel management process. In 2007, a Central Travel Office was established and a systemwide Travel Council convened.

Systemwide implementation of Connexxus began in 2008 into 2011 and regular assessments indicate a savings of $13 million for a 2 year period beginning in 2010. Connexxus is currently processing 45% of the total estimated air travel bookings (approximately 75,000 transactions).

Upgrading to Connexxus 2.0:

The following survey was created in an attempt to gather opinion and commentary on travel priorities from as many different groups as possible:

https://www.surveymonkey.com/s/connexxus

It is our hope that campus participation will offer an opportunity for as many campus populations to speak to and drive major design decisions.

NEW YEAR, NEW TRAVEL ITINERARY!
In February BCD Travel, made changes to our electronic ticket receipts that will give you easy access to useful information:

- C02 emissions information noted for your air, car, rail and hotel travel segments
- An “add-to-calendar” link that lets you import the trip into your Outlook or Lotus notes calendar with one click (Google calendar is coming soon!)
- A link that leads you to directions to your hotel on your computer or smartphone
- Subject lines will show “Updated” when a change has been made to the itinerary
- A new option to print just your pertinent travel information with a “printer friendly” link

Take a look at the new communication. We hope these changes will help you travel a bit easier.

ONLINE BOOKINGS VIA CONCUR TRAVEL
More and more airlines are offering fares that allow you to book different airlines throughout your trip. Often these provide a good savings, but there are some things to consider when choosing the best value.

- Carefully review your itinerary for instructions on which airline you will check in with.
- If you are connecting from one airline to another, your connecting flight may be located in a terminal that is different than your arrival airport.
- When you check your bags, alert the airline you are connecting to a different airline to ensure that your bag is checked through to your final destination.
- Missed connections when flights are delayed are more easily resolved when your trip is on one airline.
- When two airlines are used in a trip we are sometimes required to issue two separate tickets. If your trip changes and your tickets need to be reissued, you would be subject to two airline change fees if both your departure and return changes. (Usually $150 each plus fare differences for domestic tickets.)
- *** International tickets have special considerations for using mixed airlines. If you need help determining the special considerations with mixed airlines, please book your international mixed airline trips with a full service agent for advisement of all airline fare rules ***
Berkeley’s Northside Travel is part of the Connexxus Small Business Travel Program. The agency has been at 1824 Euclid Ave for 33 years, ½ block from UC Berkeley’s North Gate. It is the oldest full service travel agency in the city of Berkeley.

The owner, Terry Regan CTC, has been a travel agent in the city of Berkeley for 40 years. He holds a B.A. in history from Stanford but he enjoys living in Berkeley since 1973. Terry was a Peace Corps Volunteer on the island of Antigua. He has visited over 140 countries. Currently he visited India to check out the Mumbai Marathon and G Adventures Southern India small group tour product.

Terry’s advice to UC travelers: discover what a good travel agent can do to make travel less stressful.

Travel is a service industry. And the good travel agents at Northside Travel are educated, widely traveled and current in their travel knowledge. They take pride in their work. UC Nobel Laureates have been loyal customers for over 30 years.

CONNEXXUS KUDOS

For Diana Nielsen, UCI -
“On Dee’s recommendation I’ve started using Connexxus...For most of the last four years I have made numerous trips to the Office of the President. The Southwest system worked extremely well once it was set up...This year because of grants we will probably have 20 domestic and 30 international flights using Connexxus. This makes it extremely easy to accommodate arrangements from all over the world and to be very respectful of staff time.

The times that we have agreed for international travelers to make their own arrangements have proven to be time consuming...I take the time to write because you are creating a much improved system.”

- John M. Whiteley, Professor, School of Social Ecology

For Sandra Ihim, BCD Travel Agent -
A UC Davis guest took the time to recognize Sandra, “I just had to express my gratitude and let you know what excellent service I received from Sandra while coordinating tickets for my son and husband who are accompanying me on my business trip. I’m exceedingly grateful for all the time she spent and for her polite professional manner.”

A UC Berkeley arranger wrote, “I just want you to know how much I appreciate you and your professional, yet personal level of service. You are a true gem and I look forward to working with you.”

For Teresa Strickler, BCD Travel Agent -
“You are the greatest, you Rock!”, was the response that Teresa received after receiving a call from a UCSF traveler who needed to change his departure from Monday afternoon to the evening on the Sunday after Thanksgiving. “Through Teresa’s efforts, we were able to make the change with minimal increase in the ticket cost.”

The IRS Boosts Business Mileage Rates for 2013
The Internal Revenue Service announced it will raise its business mileage rate for the use of a car (also vans, pickups or panel trucks) by a penny to 56.5 cents per mile, effective January 1, 2013.

The standard mileage rate for business is based on an annual study of the fixed and variable costs of operating an automobile.
