

Laine Farley

is the Interim Executive Director of the California Digital Library (CDL)

Laine is responsible for the direction, development, and management of the California Digital Library on an interim basis until the position of University Librarian and Executive Director is filled.

Laine has been with the CDL since its inception in 1997, most recently serving as Director of Digital Library Services and Deputy University Librarian. Previously, she was the User Services Coordinator and the Coordinator of Bibliographic Policy and Services at the UC Division of Library Automation. She has also been a reference librarian and coordinator of bibliographic instruction at UC Riverside, and head of the humanities department at the Steen Library at Stephen F. Austin State University.

Laine holds a B.A. in liberal arts (Plan II) and an M.L.S. from the University of Texas at Austin.
