Comments:

The University's policy on business contracting has been changed. In the new policy, "Policy to Ensure Equal Opportunity in University Business Contracting," all references to affirmative action in University contracting have been eliminated. Therefore, the Affirmative Action Program section in the Long Form has been removed.

Under the terms of certain contracts or grants from the federal or state governments, the University may be required to take action regarding awards to disadvantaged-owned business enterprises, disabled veteran-owned business enterprises, and women-owned business enterprises. The University is currently developing contract language to be used in those circumstances. When finalized, they will be included here.
