### NOTICE OF DETERMINATION

Project Title and Number:  
State Clearinghouse Number:  
Project Location: University of California,

Project Description:

In compliance with State Guidelines for implementation of the California Environmental Quality Act of 1970, as amended, and with the University of California environmental procedures, the University hereby declares that it has approved the above-named project on [date].

A program Environmental Impact Report (EIR SCH# \_\_\_\_\_) on the campus Long Range Development Plan (LRDP) has been prepared in conformance with CEQA. A Notice of Determination for the LRDP EIR was filed with the Office of Planning and Research on \_\_\_\_\_. Following further analysis of this project in conformance with CEQA, the University has determined that project-specific impacts and mitigation measures are adequately addressed in the context of the LRDP EIR, that the circumstances of the project are essentially the same as the circumstances under which the LRDP EIR was prepared, and that the use of the LRDP EIR is the appropriate basis upon which to approve this project in conformance with CEQA. Statement(s) of Overriding Considerations were adopted as part of the approval of the LRDP EIR. With the previously approved mitigation measures, which are conditions of approval, the project will not have a significant effect on the environment. In conjunction with project approval, Findings (pursuant to CEQA Guidelines 15091) have been adopted.

A copy of the Initial Study on the project and the Final EIR on the campus LRDP with comments, responses, and records of the project and LRDP approvals are available for the general public at the campus planning office at \_\_\_\_\_ .

Sincerely,

\_\_\_\_\_
