

**Appendix P**

**CALIFORNIA DEPARTMENT OF FISH AND GAME  
CERTIFICATE OF FEE EXEMPTION  
*De Minimis Impact Finding***

**Project Title/ Location:**

University of California \_\_\_\_\_  
\_\_\_\_\_ County

**State Clearinghouse Number:**

**Project Description:**

**Findings of Exemption:**

The Regents of the University of California adopted the following finding of fact on \_\_\_\_\_

“The Regents hereby finds that, upon consideration of the record as a whole, there is no evidence before it that the Project has a potential for any new adverse effect on wildlife resources, or the habitat upon which the wildlife depends. No threatened, endangered, or protected animals, and no habitat necessary to sustain such animals have been found on the Project site. Further, no endangered, threatened or special status plant species on the Project site were identified by the Initial Study (see pages \_\_\_\_\_ of the Initial Study). The Project site is currently vacant and previously accommodated a temporary building. Because the Project will have no impacts on wildlife as defined in Section 711.2 of the Fish and Game Code, the Project will not contribute to potential cumulative development impacts to such wildlife. The Regents hereby further finds, on the basis of substantial evidence in the record as a whole, that the presumption of adverse impacts to wildlife described in Section 753.5, Title 14, California Code of Regulations, has been rebutted.”

**Certification:**

I hereby certify that the public agency has made the above findings and that the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.
