

Bus Payment Information

We expect that you or a designated representative/chaperone from your institution will accompany students to the event via chartered buses, vans or coordinated carpools. Your costs for the chartered buses or vans will be paid by the Forum. The Forum will process direct payment to the transportation companies as soon as the original invoices are received. ***Please note: it takes approximately 3-4 business days for invoices to be processed, so please do not delay in submitting them to the Forum.*** When submitting invoices, please include the bus company's name, full address, phone number and a description of services and charges. All invoices should reference the "California Forum for Diversity in Graduate Education" and be mailed to:

Dr. Anastasios Chassiakos
Director, California Pre-Doctoral Program
CSU Chancellor's Office
401 Golden Shore, 6th Floor
Long Beach, CA 90802-4210

For those campuses who are located in close proximity to each other, please feel free to work together in coordinating bus service. Also, please advertise the event to those who can drive themselves. Our goal is to get as many eligible and interested students to this event as possible. Please encourage students to go on the bus to avoid paying student parking fees.
