

Integration of AYSO with UCTrust

This document describes the steps a campus takes to integrate its web single sign-on system with AYSO via UCTrust. Note that UCTrust certification is required before starting this process. See <http://www.ucop.edu/irc/itlc/uctrust> for more information on UCTrust certification.

Initial Setup

- ❖ Contact aig@ucop.edu or call Munish Malik at 510-987-0338 providing the following information:
 1. Shibboleth technical contact's name, telephone number and email address.
 2. Helpdesk contact name, telephone number and email address for production support issues.
 3. Anticipated go live date in QA. To facilitate testing in QA, provide the employee IDs of users planning to test in QA.
 4. Anticipated go live date in production.
- ❖ The Shibboleth entry points for QA and production instances of AYSO are <https://sseqa.ucop.edu/ayso/shibboleth.do> and <https://atyourserviceonline.ucop.edu/ayso/shibboleth.do> respectively.
- ❖ The InCommon entityIDs for the QA and production instances of AYSO are <https://sseqa.ucop.edu> and <https://atyourserviceonline.ucop.edu>, respectively.
- ❖ The URLs that can be used to invoke AYSO without invoking the WAYF are:

QA

`http://<your campus IdP>?
shire=https://sseqa.ucop.edu/Shibboleth.sso/SAML/POST&
target=https://sseqa.ucop.edu/ayso/shibboleth.do&
providerID=https://sseqa.ucop.edu`

PRODUCTION

`http://<your campus IdP>?
shire=https://atyourserviceonline.ucop.edu/Shibboleth.sso/SAML/POST&
target=https://atyourserviceonline.ucop.edu/ayso/shibboleth.do&
providerID=https://atyourserviceonline.ucop.edu`

- ❖ AYSO requires the UCnetID and UCTrustAssurance attributes with a UCTrustAssurance level of basic (www.ucop.edu/irc/itlc/uctrust/attributes/trustattributes030106.html)
- ❖ Screen shot of page user sees the AYSO link on and screen shots of each screen the user encounters prior to getting into AYSO. Submit these 5 days prior to your go live date.
- ❖ Copy of communication (if any) sent out to campus users on this new feature and when communication will be sent.

Support

- ❖ AYSO access via Shibboleth is supported 24x7.
- ❖ If there are issues with accessing AYSO via Shibboleth send a note to the UCOP Helpdesk at helpdesk@ucop.edu. The helpdesk telephone number is 510-987-0365.

- ❖ Notify the helpdesk 48 hours in advance to any scheduled maintenance to your campus IDP.
- ❖ The helpdesk will notify your helpdesk 48 hours in advance of any scheduled maintenance to production AYSO.
