

## Appendix List and Attachments (if applicable)

List all appendix items to be included in the proposal (**Attachments not to exceed 10 pages**). Convert Appendix List and Appendix Items to PDF, and upload to proposal as a single file (attachment type “Appendix”). Label all appendix items with the name of the Principal Investigator in the upper right-hand corner.

Do not use the appendix to circumvent the page limitations of the research plan; or include elements more appropriately submitted in other sections.

Appendix items (include, where applicable):

- Letters of commitment to participate from collaborators
- Letters of endorsement (if required). If proposed project is submitted by a UC campus without a lab collaborator/co- investigator, appendix must include a letter of endorsement from a lab representative.
