X. PERSONAL STATEMENT — ALL APPLICANTS

The personal statement is an important part of your application for admission and scholarships. The University uses the statement to learn more about you as an individual — your talents, experiences, achievements and points of view. Think of the personal statement as your opportunity to introduce yourself to the admissions officers and faculty who will be evaluating your application. What would you like us to know about you that may not be evident from a review of the rest of your application?

Freshman applicants may choose from two main topics; there is one main topic for transfer applicants. There are two additional topics that are relevant for some applicants only. Review all the topics and instructions on page 16 before beginning your essay to identify the topics that are pertinent for you.

Regardless of the topic or topics you choose, your personal statement should reflect your own ideas and be written by you alone. Present your information and ideas in a focused, in-depth, thoughtful and meaningful manner. Support your ideas with specific examples. Personal statements comprised of lists of qualities or accomplishments are not useful or effective.

The personal statement is required of all applicants. Use no more than two sheets of 8.5" x 11" paper, one side only. See page 16 of the application booklet for complete instructions.
