This release addresses the following Service Request:

Service Request 13415

Service Request 13415, dated October 16, 1996, requests that the Benefits Premium Audit Report for Life Insurance (PPP5701) be modified to include the following legend:

1. AN ASTERISK (*) IN THE RIGHTMOST POSITION OF THE "BASE" COLUMN INDICATES A REDUCTION OF SALARY DURING THE YEAR. HOWEVER, THE LIFE PREMIUM REMAINS AT THE HIGHER RATE.
2. AN "E" IN THE RIGHTMOST POSITION OF THE "PRIOR LIFE DEP PREM" AND THE CURRENT LIFE DEP PREM" COLUMN INDICATES THAT PARTICIPATION IN DEPENDENT LIFE INSURANCE IS BASED ON PARTICIPATION IN THE EXECUTIVE LIFE INSURANCE PROGRAM.

DB2 Programs

PPP570

Program PPP570 produces the Benefits Premium Audit Report for Life Insurance (PPP5701). Currently, no legend is printed at the bottom of each page. With this release, program PPP570 has been modified such that a legend is printed at the bottom of each page indicating the translation of special codes * and E.

Test Plan

Correct installation of this modified program can be verified by the following test steps:

1. Load the CTL database from the release UDB2CTL PDS.
2. Load the EDB database from the release UDB2EDB PDS.
3. Execute the program using JCL provided with this release (RUN570).
4. Verify that the legend printed at the bottom of each page of the PPP5701 report matches the legend on the PPP5701 report provided in the REPORTS PDS.

Installation Instructions

Installation of this release requires the following steps:

1. Install modified program PPP570
2. DB2-precompile, compile, and link PPP570 into the batch loadlib (LOADLIB)
3. Bind the plan for PPP570
4. Perform installation testing described above to ensure proper installation.
5. Perform any desired local testing.
6. Install the program into production.

Timing of Installation

This release should be installed prior to the production run of program PPP570 in early December.

As usual, campuses are encouraged to install this release in as timely a fashion as possible, and in the normal numeric sequence of releases.
