Service Request 80282

Service Request 80282 asks that the Appointment Representation Code PAR (PAR3114) and Title Unit Code PAR (PAR3110) be added to the earnings segment on the University of California Retirement System (UCRS) Interface file. This additional information will facilitate researching inquiries from UC Labor Relations as well as unions and the State Legislature.

Because National Laboratories do not use the base payroll system these changes must be requested and implementation coordinated separately.

Programs

PPI730

This program produces the UCRS Interface file. With this release, two new fields, Appointment Representation Code PAR (PAR3114) and Title Unit Code PAR (PAR3110) have been added to this file. Additional Filler space was added to accommodate future modifications.

PPI750

This program prints a report based upon the UCRS Interface file data produced by program PPI730. With this release, two new fields, Appointment Representation Code PAR (PAR3114) and Title Unit Code PAR (PAR3110), are now printed on the report.
