This release addresses the following service request:

Service Request 80449

Unified Union Reporting Process

Service Request 80449 asked that the Unified Union Reporting File process be changed to include the START Percent (EDB 0495), START Begin Date (EDB 0496), and START End Date (EDB 0497) on the Monthly Union Reporting File produced the first week of each month as well as the Weekly Union Reporting File that is produced each subsequent week. Note that the Monthly Union Reporting File contains full employee data, while the Weekly Union Reporting File contains only those data that have changed since last reported.

Programs

PPP770

Logic has been added to include the data for the START Percent, START Begin Date, and START End Date on the Monthly Union Reporting File. The START Percent, START Begin Date, or START End Date is reported on the Weekly Union Reporting File if the data has changed since last reported.

PPOT1488

This one-time program has been developed to initialize the START Percent, START Begin Date, and START End Date on the Union History File. Thus, the record length of the output Union History File has been expanded from a length of 959 to 984.

Copymember

CPWSUNFL

Fields related to START Percent, START Begin Date, and START End Date have been added to the Union Reporting record structure. Refer *to the separate attachment (Attachment 1) for the new Union Reporting Record format.*

Note: "DUAL" programs must be compiled twice and linked into batch and online libraries ("LOADLIB" and "OLOADLIB" respectively), and DUAL-ONLINE programs must be compiled once only and linked into the online library. "CICS" programs must be CICS pre-compiled and compiled once and linked into OLOADLIB. "BATCH" programs must be compiled once and linked into the batch LOADLIB only.

- a) Install, compile, and link the *modified* program listed in Table 1

Program Name	DB2?	Compile	Package Bind?	Done?
PPP770	Yes	Batch	No

Timing of Installation

The installation of this release is *Date Mandated*.

This release must be installed *after* the weekly May 26, 2003 Single Union Reporting File has already been produced by PPP770 and *before* the next scheduled monthly June 2, 2003 Single Union Reporting File is produced.

The one-time program provided with this release must be run. The input used in the one-time program must be the output Union History File produced from the Weekly May 26, 2003 run of PPP770. The expanded Output Union History file produced from the one-time program must be used as input to the next scheduled Monthly June 2, 2003 run of PPP770.

Due to the changes in file format, the changed Union Reporting file format must be reflected on the creation of files beginning with the scheduled monthly June 3, 2002 Union Reporting File and on later scheduled Union Reporting Files.
