Service Request 16923

Service Request 16923 asks that, in order to protect an employee's privacy, the employee's Social Security Number (EDB0111) be removed from all CICS browse screens for the following sub-systems:

- Departmental PAR Inquiry (IBRS)
- PAR Inquiry (IBRS)
- EDB Inquiry (WHO)
- EDB Entry/Update (WHO)
- HDB Inquiry (ILOK)
- History Reporting (HWHO)

The Help text associated with the Social Security Number will remain anchored to the current screen location for the time being. This will be addressed in a subsequent release.

CICS Programs

PPAPDPKS

This program is the key switch application processor for the Departmental PAR Inquiry application. This program has been modified such that the ability to select an employee by partial SSN is no longer available. If there is not an exact match on SSN, when entered in the footer section of the screen, error message "P0021 No match on entered ID or SSN. Use IBRS to browse" is displayed.

PPAPEIKS

This program is the key switch application processor for the EDB Inquiry application. This program has been modified such that the ability to select an employee by partial SSN is no longer available. If there is not an exact match on SSN, when entered in the footer section of the screen, error message "P0017 No match on entered ID or SSN. Use WHO to browse" is displayed.

PPAPEUKS

This program is the key switch application processor for the EDB Updated application. This program has been modified such that the ability to select an employee by partial SSN is no longer available. If there is not an exact match on SSN, when entered in the footer section of the screen, error message "P0017 No match on entered ID or SSN. Use WHO to browse" is displayed.

PPAPHDKS

This program is the key switch application processor for the HDB Inquiry application. This program has been modified such that the ability to select an employee by partial SSN is no longer available. If there is not an exact match on SSN, when entered in the footer section of the screen, error message "P0058 No match on requested employee and/or date, use ILOK to browse" is displayed.

PPAPHRKS

This program is the key switch application processor for the HDB Inquiry application. This program has been modified such that the ability to select an employee by partial SSN is no longer available. If there is not an exact match on SSN, when entered in the footer section of the screen, error message "P0105 No match on requested employee and/or date, use HWHO to browse" is displayed.

PPAPPIKS

This program is the key switch application processor for the PAR Inquiry application. This program has been modified such that the ability to select an employee by partial SSN is no longer available. If there is not an exact match on SSN, when entered in the footer section of the screen, error message "P0021 No match on entered ID or SSN. Use IBRS to browse" is displayed.

PPWHWHO

This program handles the History Reporting browse function. This program has been modified such that the Social Security Number is no longer displayed on the screen.

PPWIBRS

This program handles the PAR Inquiry browse function. This program has been modified such that the Social Security Number is no longer displayed on the screen.

PPWILOK

This program handles the History Inquiry browse function. This program has been modified such that the Social Security Number is no longer displayed on the screen.

PPWWHO

This program handles the EDB Inquiry/Update browse function. This program has been modified such that the Social Security Number is no longer displayed on the screen.

Test Plan

Testing for this release requires that testers go to each individual subsystem identified in the release letter and verify that SSN no longer appears in any of the header records of the data screens.

For each of the following sub-systems, verify that the SSN no longer appears in the header for the function identified:

SUB-SYSTEM	FUNCTION	DONE
EDB Inquiry	WHO	
EDB Entry/Update	WHO	
HDB Inquiry	ILOK	
History Reporting (Selection)	HWHO	
Departmental PAR Inquiry	IBRS	
PAR Inquiry	IBRS	

As usual, Campuses are encouraged to create their own test plan.

Installation Instructions

A separate Installation Instruction document has been provided with this release.

Timing of Installation

The installation of this release is Not Urgent. In order to protect an employee's privacy this release should be installed as soon as possible, but no later than 7/1/04.

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.
