This release addresses the following Service Request:

Service Request 80896 - Report PPP9408 in Electronic Format

It has been requested that report PPP9408 (“Prior Period/Special Payments - Employee Earnings Distributions Excluded”) be offered as an electronic data file in tab-delimited format. The electronic file should contain the same data as the paper report.

Program

PPP940

This program produces reports from the reports file created by PPP930, which processes Retroactive Range and Merit Adjustments. Multiple reports are produced, one of which is PPP9408, the “Prior Period/Special Payments - Employee Earnings Distributions Excluded” report. A file was added to this program for the tab-delimited output file. Code was added to build and write one record to this file for each entry printed on the PPP9408 report.

JCL Change

PPP940

A new file must be specified in the JCL for PPP940 with DD name DELIMRPT and record length of 212 for the new tab-delimited file. For sample JCL see PAYDIST.R1617.JCL(RUN940).

Test Plan

Run Retroactive Pay Reports (RUN940) that is provided with this release. Verification of this job can be made by reviewing the PDS REPORTS member RUN940. This job prints the reports from a file created by PPP930. The sample input file included with this release is PAYDIST.R1617.RPT930MF. The output file from the test should match PAYDIST.R1617.DELIMRPT.

Installation Instructions

Program Preparation

1. Install, compile and link the **modified** program listed in the following table.

Program	DB2?	Compile	Package Bind?	Done?
PPP940	Yes	Batch	No	

Plan Binds

1. Bind the plans listed in the following table.

Bind Members	Done?
PPP940	

JCL Change

1. Modify JCL for PPP940 to include the new tab-delimited file created by PPP940.

Timing of Installation

The installation of this release is Not Urgent.

If there are any questions, please send electronic mail to Janet.Kennedy@ucop.edu, or call at (510) 587-6128.
