This release addresses the following error report:

Error Report 1957

It is noted that the Self Billing Statement (SBS) File associated with UC-Paid Postdoctoral Scholar Life Insurance benefits has a record showing zero total premium amount and zero employee count when a location does not have Postdoctoral Scholars. However, no records are produced on the Postdoctoral Disability Self Billing Statement File when a location does not have Postdoctoral Scholars.

To be consistent on both SBS files, the SBS File containing Postdoctoral Disability records should also write two SBS records (UC-Paid Postdoctoral Disability and Employee-Paid Postdoctoral Disability) each showing zero total premium amount and zero employee count when a location does not have Postdoctoral Scholars.

Therefore, program PPP562 should be modified to write two SBS records (UC-Paid Postdoctoral Disability and Employee-Paid Postdoctoral Disability) each showing zero total premium amount and zero employee count when a location does not have Postdoctoral Scholars.

Programs

PPP562

Program PPP562 has been modified such that the Postdoctoral Scholar Disability SBS File contains UC-Paid Postdoctoral Disability and Employee-Paid Postdoctoral Disability tab-delimited records when a location does not have Postdoctoral Scholars.

Test Plan

A separate Test Plan document is provided with this release.

Installation Instructions

1. COBOL Program Installation

At UCOP, all COBOL programs pass through the DB2 pre-compiler, whether or not the program contains embedded SQL, to resolve INCLUDE references. Your site may have different requirements.

Note: "DUAL" programs must be compiled twice and linked into batch and online libraries ("LOADLIB" and "OLOADLIB" respectively). "CICS" programs must be CICS pre-compiled and compiled once and linked into OLOADLIB. "BATCH" programs must be compiled once and linked into the batch LOADLIB only.

a) Modify, install, compile and link the **modified** programs listed in the following table.

PROGRAM	DB2 Pre-Compile	Compile	Package Bind?	Done?
PPP562	Yes	Batch	No	

2. Bind the following Plans.

Bind Plans	Done?
PPP562	

3. Execute and verify the rest of the test plan, per supplied instructions.
4. Perform any desired additional campus testing.
5. Place modified objects in production.

Timing of Installation

The installation of this release is Not Urgent.

Even though this release is not urgent, it is suggested that campuses install this release so that the Self Billing Statement File contains UC-Paid Postdoctoral Disability and Employee-Paid Postdoctoral Disability tab-delimited records when a location does not have Postdoctoral Scholars.

As usual, campuses are encouraged to install this release in as timely a fashion as possible, and in the normal numeric sequence of releases.
