

Release 1675
Service Request 16988
SMS Benefit Expense – State Funding

INSTALLATION INSTRUCTIONS

11/18/05

Information Resources & Communications
Office of the President
University of California

Installation Instructions

This document provides installation instructions for this release. Review these instructions carefully before proceeding with installation.

Copylib Member Installation

1. Install the **new** Copy members listed in the following table.

Copylib Members	Installed?
CPLNF130	

2. Install the **modified** Copy members listed in the following table.

Copylib Members	Installed?
CPWSXIC5 *	

- * This copymember provides the Installation Constants used during the distribution of payroll expense and contains local campus installation values. Do no overlay local values. The release modification contains only an added field “IDC-ALT-SMS-BENEFIT-FAU”. This field has been defined to provide the FAU to be charged for the SMS benefit when the departmental FAU is associated with State General Funds. It is the campus responsibility to assign the appropriate local FAU value to this 30 character FAU constant.

Program Preparation

Note: At UCOP, all COBOL programs pass through the DB2 pre-compiler, whether or not the program contains embedded SQL, to resolve INCLUDE references. Your site may have different requirements.

Note: "DUAL" programs must be compiled twice and linked into batch and online libraries ("LOADLIB" and "OLOADLIB" respectively). "CICS" programs must be CICS pre-compiled and compiled once and linked into OLOADLIB. "BATCH" programs must be compiled once and linked into the batch LOADLIB only.

1. Install, compile and link the **new** programs listed in the following table.

Program	DB2?	Compile	Package Bind?	Done?
PPFAU130	No	BATCH	No	

2. Install, compile and link the **modified** programs listed in the following table.

Program	DB2?	Compile	Package Bind?	Done?
PPP520	Yes	BATCH	No	
PPP530	Yes	BATCH	No	

Plan Binds

1. Bind the plans in the following table.

Bind Member	Done?
PPP520

Bind Member	Done?
PPP530	

Testing

Perform installation verification testing as described in the Test Plan.

Install in Production

Since campuses have been instructed to install companion Release 1670 *before* the end of November Reporting processes have run, it is imperative that this current release be installed at the same time (i.e., in place for November month-end processes).
