Subject: CTL Update: AFSCME Dues Cap Increase

Service request 81756 asks that new dues caps be established for the AFSCME units effective 01/01/2007.

Therefore, at the request of Labor Relations and Payroll Coordination, we are making the appropriate transactions available via FTP. All campuses other than Santa Cruz should use the dataset:

PAYDIST.CTL2006.CARDLIB(AFS07)

while the Santa Cruz campus should use

PAYDIST.CTL2006.CARDLIB(AFS077)

The supplied transactions must be processed via PPP004.

These updates must not be applied until after the final compute for December 2006 earnings has run, but must be applied before the first compute for January 2007 earnings is run.

Note that these transactions may not be applied until release 1744 has been installed, due to the formatting changes for the update transactions in that release.

We suggest that these updates be applied to your production Benefits Rates table at the same time Monthly Maintenance to begin January is run.

As always, we suggest making a backup of the updated Control tables either through unload or image copy after the successful update of the production CTL tables.

Functional questions should be addressed to Abdul Abdurahman of Payroll Coordination (Abdullahi.Abdurahman@ucop.edu; 510-987-0946).

Technical questions may be addressed to me at Maxine.Gerber@ucop.edu or 510-987-0422.

Maxine Gerber
