Re:	Release:	1732
	Service Requests:	81659
	Error Reports:	None
	Programs:	PPIIVR, PPOT1732
	Copy Members:	CPWSIVRE
	Include Members:	None
	DDL Members:	None
	Bind Members:	None
	CICS Maps:	None
	Forms:	None
	Table Updates:	None
	Urgency:	Date Mandated

This release addresses the following Service Request:

Service Request 81659

Service Request 81659 requests that the IVR/Web Interface file be modified to include two new W-2 fields and the SLCG Grade code field.

The Service Request provides the following background information:

“The following recent system modifications added new data elements to the PPS:

Release 1716 implemented a new employee-level Salary Grade for members of the Senior Leadership Compensation Group, while Release 1730 implemented two new data elements, Electronic W-2 Indicator and Block W-2 Data to 3rd Party Indicator, to store elections made online via the employee self-service application (AYSO).

SR 81540 requested the addition of three new data elements to support assessment of medical rates based on bargaining unit: Employee Benefit Eligibility Unit Code, Employee Benefit Eligibility Representation Code, and Employee Benefit Eligibility Derivation Indicator.

For all three projects, the business sponsors requested that the new data elements be added to the Web/IVR Extract File. In order to avoid successive modifications to the same program, Payroll Coordination and HR&B decided to consolidate these requirements into one Service Request.

Moreover, while undertaking analysis for this project, IR&C identified several obsolete fields on the extract file which can be reclaimed as available space. This Service Request also addresses that clean-up effort.”

Program:

PPOT1732

This program is a new one-time program which alters the current IVR/Web Employee History file. This program will prevent the creation of a complete replacement file when program PPIIVR is executed for the first time after the installation of this release.

The following is a list of the fields being initialized to spaces:

- Supplemental Life Ins. Premium positions 329 – 336
- Dependent Life Ins. Premium positions 348 – 355
- Accidental Death and Dismemberment Premium positions 373 – 380
- US Savings Bond 1 Denomination Code (EDB1103) positions 524 – 527
- US Savings Bond 2 Denomination Code (EDB1203) positions 528 – 531
- US Savings Bond 3 Denomination Code (EDB1303) positions 532 – 535
- US Savings Bond 4 Denomination Code (EDB1404) positions 536 – 539

The following field that is being reused for new data elements is initialized to spaces by the one-time program:

- Supplemental Disability – Employee Cost positions 268 – 273

PPPIIVR

Program PPIIVR generates the Web/IVR Extract File. PPIIVR has been modified to populate the three new data elements by retrieving the data from the PPPEBT table for the SLCG Grade Code (EDB0388) and PPPPAY table for the ELECTRONIC W-2 INDICATOR (EDB1166) and the BLOCK W-2 DATA TO 3rd PARTY INDICATOR (EDB1167) fields. In addition, logic responsible for retrieving and populating the 4 U.S. Savings Bond denomination fields and the Supplemental Life Insurance Premium, the Dependent Life Insurance Premium, and the Accidental Death and Dismemberment Premium fields was removed.

The Supplemental Disability – Employee Cost field is being recycled. The following fields have been reserved for a future release:

- Employee Benefit Eligibility Unit Code positions 270 – 271
- Employee Benefit Eligibility Representation Code position 272
- Employee Benefit Eligibility Derivation Indicator position 273

Copylibs:

CPWSIVRE

Program PPIIVR uses copylib CPWSIVRE to format the interface file. The length of the copylib has not changed to support this release. The following fields have been added to the Extract File: Refer to the attached file layout for the displacement of the new fields.

- ELECTRONIC W-2 INDICATOR (EDB1166)
- BLOCK W-2 DATA TO 3rd PARTY INDICATOR (EDB 1167)
- SLCG Grade Code (EDB0388)

In addition, the following seven fields have been redefined as Filler:

- Supplemental Life Ins. Premium positions 329 – 336
- Dependent Life Ins. Premium positions 348 – 355
- Accidental Death and Dismemberment Premium positions 373 – 380
- US Savings Bond 1 Denomination Code (EDB1103) positions 524 – 527
- US Savings Bond 2 Denomination Code (EDB1203) positions 528 – 531
- US Savings Bond 3 Denomination Code (EDB1303) positions 532 – 535
- US Savings Bond 4 Denomination Code (EDB1404) positions 536 – 539

The following field will be reused:

- Supplemental Disability – Employee Cost positions 268 – 273

The following fields replace the Supplemental Disability – Employee Cost field

- Electronic W-2 Indicator (EDB1166) position 268
- Block W-2 Data To 3rd Party Indicator (EDB 1167) position 269
- Employee Benefit Eligibility Unit Code positions 270 – 271
- Employee Benefit Eligibility Representation Code position 272
- Employee Benefit Eligibility Derivation Indicator position 273

The SLCG Grade Code (EDB0388) is located at positions 890 – 892, were Filler existed before this release.

Test Plan

A separate Test Plan document is provided for this release.

Installation Instructions

Refer to the Installation Instructions document.

Timing of Installation

The installation of this release is Date Mandated. These changes need to be installed at the same time or soon after installing release 1730, and no later than October 18th.

The installation of release 1730 and this release is required for the implementation of the new At Your Service Online (AYSO) W-2 employee election application, scheduled to be made available to employees the week of October 16th.

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.

If there are any questions, please send electronic mail to Robert.Glaser@ucop.edu, or call (510) 987-0454.

Robert Glaser
