In April 2007 Human Resources Compensation Policy advised UCOP Human Resources and Benefits that the Fiscal Year 2007-2008 rates would be **.008700** effective July 1, 2007 for the Staff Recognition and Development Program (SRDP) for PSS (Professional and Support Staff) and MSP (Management and Senior Professionals) employees. Thus, those rates per the requirements from Service Request 81832 were released via a Pay-L note sent April 13, 2007 with a subject of "CTL Updates: Assessment Rate/Incentive Award Tables".

Service Request 81934 requires that the Assessment Rate Table (ART) be updated such that the Fiscal Year 2007-2008 SRDP rates are changed from .008700 to .008900 effective July 1, 2007 for PSS and MSP employees.

Therefore, at the request of UCOP Human Resources and Benefits, these CTL update transactions are made available via FTP. All campuses should obtain the transactions contained as:

PAYDIST.CTL2007.CARDLIB (ASMTRTCH)

Assessment rate transactions contain PSS and MSP rates of **.008900** effective 07/01/2007.

The processing of the update transactions is date-mandated. Therefore, the supplied update transactions must be processed via program PPP004 prior to the July Month-end Expense Distribution Process run.

As always, these updates should be applied to production only as approved by your campus Payroll manager. We suggest making a backup of the updated Control tables either through unload or image copy after the successful update of the production CTL tables.
