A pay-I note was sent June 22, 2007 to announce changes (via Service Request 81890) to System Parameter Entries 130 and 131 such that the Employer Contribution Rate has been changed by PERS from 16.9970% to **16.6630%**.

Service Request 82006 from Payroll Coordination and Tax Services announced changes to System Parameter Entries 130 and 131 such that the Employer Contribution Rate is changed from 16.663% to **16.633%**.

Therefore, at the request of Payroll Coordination and Tax Services, we are making the appropriate transactions to update the System Parameter Table via FTP.

Transactions to update the System Parameter Table are now available on the Payroll FTP site in the following dataset:

PAYDIST.CTL2007.CARDLIB (PRMR2CHG)

The file contains 2 transactions for the System Parameter Table:

PARM	VALUE	DESCRIPTION
130	00016.6330	PERS EMPLR CONTR
131	00016.6330	PERS FICA EMPLR CONT

These transactions to update the System Parameter Table must be applied as soon as possible. It is highly suggested that these updates be applied before the next scheduled compute is run.

As always, these updates should be applied to production only as approved by your campus Payroll Manager. We suggest making a backup of the updated Control tables either through unload or image copy after the successful update of the production CTL tables.

Functional questions should be addressed to Julia Sills at Julia.Sills@ucop.edu of Payroll Coordination and Tax Services. She can be reached by telephone at (510) 987-0944.
