This release addresses the following Service Request:

Service Request 81912

Service Request 81912 asks that a mechanism be developed to provide foreign address data elements to CPS via the Interface file in order to provide more complete mailing address information for various UCOP mailings.

It requests the following modifications to the Payroll/Personnel System (PPS)

1. Increase the record length of the CPS Interface file to 900.
2. Add the Foreign Address Code (EDB 0291), Foreign Province (EDB1120), Foreign Postal Code (EDB1119), and translation of the Foreign Country Code values to the CPS Employee Interface File.

Programs

PPP711

Program PPP711 produces the Employee CPS Interface File to the Corporate Personnel System (CPS).

This program was modified to include the Foreign Address Code (EDB 0291), Foreign Province (EDB1120), Foreign Postal Code (EDB1119), and translation of the Foreign Country Code values to the CPS Employee Interface File.

Copy Members

CPFDXECP

Copy member CPFDXECP is the File Definition for the CPS employee file record in the program PPP711.

As there is currently not enough existing filler space to accommodate the foreign address data elements and to provide for future expansion, the record length of this file definition was changed from 760 to 900.

CPFDXECP

Copy member CPWSXECP is the record layout for the CPS employee file in the program PPP711.

As there is currently not enough existing filler space to accommodate the foreign address data elements and to provide for future expansion, the record length was changed from 760 to 900.

The data elements Foreign Address Indicator, Province, Postal Code, and Country were added after the last field in this record before a filler of size 92.

Installation Instructions

A separate Installation Instructions document is provided for this release.

Test Plan

A separate Test Plan document is provided for this release.

Timing of Installation

The timing of this release is **date mandated**. Locations must implement this modification in time to run month-end reporting for July 2007, to be run in early August 2007.

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.

If there are any questions, please send electronic mail to baskar.chitravel@ucop.edu, or call 510-987-0692.
