Subject: Post Doctoral Supplemental Disability Rate Change

Service Request 82405, in addition to specifying the changes to the Post Doctoral Scholar Workers' Compensation rates, also specifies changes to the employee-paid Post Doctoral Scholar Supplemental Disability rate for 2009. The change to the Workers' Comp rate has been included with the CTL Arrears update transactions, announced Wednesday, 11/26/08. The update of the Supplemental Disability rate will require an update of the EDB.

The PostDoc Supplemental Disability rates are currently stored as G balances on the EDB for GTN 635. The new rate for 2009 for all enrollees is \$5.39.

Campuses may use any preferred method(s) for updating the employee rates, such as a manual update via PPS EDB Entry/Update, a batch EDB update with transactions generated by PPP060 or a local process, and/or a local automated process.

The employee PostDoc Supplemental Disability rates must be updated:

- after December Month End Reporting
- before the first compute for January earnings

On the 2008 Year-End Processing Sequence, this is the second 2008 Only item after CTL Update: Apply Arrears Updates.
