This release addresses the following Service Request:

Service Request 82288

Service Request 82288 asks for modifications to display the effective date from the Salary Grade Table (SGT) when displaying the Web Merit Roster Title Code Detail page for range-based graded titles.

Service Request 82288 provides the following background information:

Campuses have recently noticed that the effective date being displayed on the Title Code Detail page for range-based titles reflects the date that the grade was given to the title code, rather than the effective date for the rates themselves. ... Campuses are concerned that this will lead to questions and confusion among their user population.

Programs

PPTCTSP5

PPTCTSP5 is the stored procedure that returns rates for titles that are not step-based. The field WS-TGB-EFFECTIVE-DATE was renamed to WS-RATE-EFFECTIVE-DATE as the effective date can either come from the TGB or SGT. The program was modified to move the effective date from XTCL-SGT-EFFECTIVE-DATE to WS-RATE-EFFECTIVE-DATE so it can be later passed to the stored procedure output parameters area.

PPTCTUTL

PPTCTUTL is the utility program used to access the Title Code Tables in PPS. It was modified to move the effective date from the Salary Grade Table to the newly created field, XTCL-SGT-EFFECTIVE-DATE, in the linkage section.

Copy Members

CPLNKTCL

CPLNKTCL defines the linkage for the utility program PPTCTUTL. A new field, XTCL-SGT-EFFECTIVE-DATE, was created to hold the effective date from the Salary Grade Table.

Installation Instructions

A separate Installation Instructions document is provided for this release.

Test Plan

A separate Test Plan document is provided for this release.

Timing of Installation

The timing of this release is **urgent**. Please install the release prior to processing potential October 2008 merit cycles in Web Merit.

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.

If there are any questions, please send electronic mail to Alex.Tayag@ucop.edu, or call (510) 987-9175.
