This release addresses the following Service Request:

Service Request 82373

Service Request 82373 asks for modifications in support of changes to W-2 reporting mandated by the Social Security Administration (SSA) and Internal Revenue Service (IRS). It also asks for changes to the mapping of IRS country codes to Postal country codes.

Copy Members

CPWSXTRC

This copy member contains the Campus Specific tax reporting constants. It includes replacement mapping for several country codes where the IRS country code is different from the Postal country code used in PPS. Entries for St. Barthelemy, St. Martin and Kosovo were added. Entries for Antarctica and United Arab Emirates were removed because the IRS country code now matches the Postal country code. The entry for Yugoslavia was deleted because the IRS code has been deleted.

Installation Instructions

A separate Installation Instructions document is provided for this release.

Test Plan

A separate Test Plan document is provided for this release.

Timing of Installation

The timing of this release is **date mandated**. It must be installed prior to the generation of the W-2 forms for 2008.

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.
