Subject: FW: CTL Update: Benefits Rates Table (PPPBRT)

The following is applicable to UCLA and UC San Diego only. All other locations may disregard.

We have split the BRT transactions referenced below into separate members of cardlib PAYDIST.CTL2009.CARDLIB.

- 1) UCLA should pick up and process the dataset BRT2454A which includes the K4 bargaining unit transactions.
- 2) UC San Diego should pick up and process the dataset BRT2454B which includes the K6 bargaining unit transactions.

We apologize for the confusion. Please let me know if you have any questions regarding these updates.

Please do NOT apply the transactions announced in yesterday's PAY-L note shown below.

After sending it, we realized that the K4 transactions are only applicable to UCLA and the K6 to San Diego. All other campuses can ignore it all together. LA & San Diego, we'll create a set for each of you this morning and send a follow-up PAY-L.

Sorry for the error and any inconvenience.

Maxine Gerber

Service Request 82454 requests that BRT medical rates for K4 and K6 unit, effective 02/01/09, be created and made available to the campuses via FTP.

Campuses must apply the BRT changes to PPS in time for the first January bi-weekly payroll (pay period ending 01/10/09).

The transactions are ready for download at:

PAYDIST.CTL2009.CARDLIB(BRT2454)

The supplied change transactions must be processed via PPP004.

As always, these updates should be applied to production only as approved by your campus Payroll Manager. We suggest making a backup of the updated control tables either through an unload or an image copy after updating your production control tables.

Functional questions regarding this change should be addressed to Rowena.Wong@ucop.edu.

Technical questions may be addressed to me at Maxine.Gerber@ucop.edu or call (510) 987-0422.
