Office of the President  
University of California

This document provides installation instructions for release 1857. Please review these instructions carefully before proceeding with the installation.

## 1. *Copylib Member Installation*

- 1.1 Install **modified** copy members:

Copylib Members	Installed?
CPWSRCTS	

## 2. *COBOL Program Preparation*

At UCOP, all COBOL programs pass through the DB2 pre-compiler, whether or not the program contains embedded SQL, to resolve INCLUDE references. Your site may have different requirements.

"DUAL" programs must be compiled twice and linked into batch and online libraries ("LOADLIB" and "OLOADLIB" respectively). "CICS" programs must be CICS pre-compiled and compiled once and linked into OLOADLIB. "BATCH" programs must be compiled once and linked into the batch LOADLIB only.

- 2.1 Compile and link the following **unmodified** programs:

PROGRAM	DB2?	Compile Type	Package Bind?	Done?
PPWRC10	Yes	CICS	Yes	
PPWRC20	Yes	CICS	Yes	

## 3. *Testing*

- 3.1 Perform installation verification testing as described in the Test Plan. In addition, perform any further local testing.

## 4. *Install in Production*

- 4.1 Place modified objects in production.
