This release addresses the following Service Request(s):

**Service Request 82518**

Service Request 82470 provides the following background information:

CONEXIS has been chosen to be UC's COBRA administrator and will take over the administering of UC's COBRA program effective May 1, 2009. In order to administer the program effectively, CONEXIS requires up-to-date demographic, enrollment and termination information for UC employees and dependents. Since the majority of the data is already available in the PPSIVR database, it has been determined that the data can be extracted from the database. This service request addresses the additional data elements that are currently not in the PPSIVR database.

**Programs**

**PPOT1858**

PPOT1858 expands the Employee and Dependant IVR History records to provide program PPIIVR with the new history record format.

PPOT1858 was created to expand the Employee and Dependant IVR History records. It allows for the addition of new Medical Coverage End Date (EDB0300), Dental Coverage End Date (EDB0271) and Vision Coverage End Date (EDB0346) data to the employee records and it allows for the addition of new Medical Coverage End Date (EDB0659), Dental Coverage End Date (EDB0656) and Vision Coverage End Date (EDB0657) data to the dependant records.

### PPIIVR

PPIIVR produces the daily interface file sent to UCOP to update the system wide PPSIVR database

PPIIVR was modified to add new Medical Coverage End Date (EDB0300), Dental Coverage End Date (EDB0271) and Vision Coverage End Date (EDB0346) data to the IVR interface file for employees. It also adds new Medical Coverage End Date (EDB0659), Dental Coverage End Date (EDB0656) and Vision Coverage End Date (EDB0657) data to the IVR interface file for dependants.
