 Forms: None
 Table Updates: None
 Urgency: Urgent (see Timing of Installation below)

This release addresses the following Service Request(s):

Service Request 82579

Service Request 82579 asks for the modification of the CONEXIS semi-monthly file to include the 'Division' field in the Action Code 61 records.

Service Request 82579 provides the following background information:

The new FSA vendor CONEXIS has requested the University to modify the semi-monthly file to include the "Division" field in the Action Code 61 records. The University has requested that CONEXIS provide an error report to each location after processing the semi-monthly files. The adding of the "Division" field information is to facilitate the error reporting process.

Service Request 82729

Service Request 82729 asks for modifications in PPS so that the MCB is recalculated for employees who are rehired after a break in service of 120 days or longer.

Service Request 82729 provides the following background information:

Under a policy decision announced in 2004, when employees are rehired after 120 days, they are to be considered as newly eligible as long as 'initial employment' requirements are met. Thus, the new appointment / distribution data should be used in the determination of the medical contribution base.

Programs

PPEI720

PPEI720 performs consistency edits and maintenance on insurance salary bases and the Medical Contribution Salary Bases (MCBs). The program was modified to trigger the recalculation of MCB-CY and MCB-NY in the rehire process if the most recent hire date (EDB0113) is 120 days or more after the separation date (EDB0140).

PPP467

PPP467 creates the CONEXIS file, a report of any employee who is either enrolled in Health FSA or DepCare FSA on the EDB, or who had deduction activity for Health FSA or DepCare FSA on the PAR data that is processed by PPP467. The program was modified to populate the Division field on Action Code 61 records.

Copy Members

CPWSXFSA

This copy member contains the file layout for the CONEXIS file. The layout was modified to include the Division field on Action Code 61 records.

Installation Instructions

A separate Installation Instructions document is provided for this release.

Test Plan

A separate Test Plan document is provided for this release.

Timing of Installation

The timing of this release is **urgent**. Campuses should install this release as soon as possible.

As usual, campuses are encouraged to install this release in as timely a fashion as possible and in the normal numeric sequence.

If there are any questions, please send electronic mail to Alex.Tayag@ucop.edu, or call (510) 987-9175.
