**2012 - 2013 Project Eligibility and Commercial Assessment Form
(to be completed by Campus Technology Licensing Office)**

Applicants must give this form to the campus technology licensing office (TLO) as soon as possible. The TLO will complete the form, sign it, and return the completed form to the Applicant. Initial determination of project eligibility will be determined at LOI stage. Both LOI and completed and signed Campus Technology Licensing Office Form are due by the LOI deadline. **If more than one IP item per proposal, then complete page 1 for each item;** complete only one Market Assessment (page 2) per proposal.

Section 1. Eligibility Review

1. Is IP assigned to UC and technology available for licensing? Yes (go to 1a) No (Stop here)

1a. If Yes, was IP disclosed to UC by August 31, 2012? Yes (go to 2) No (Stop here)

If answer to either 1. or 1a. (above) is "No", do not complete the rest of this form. The project is not eligible for this opportunity.

2. Is IP/technology jointly owned? Yes (go to 2a) No (go to 3. IP Protection)

2a. If Yes, is it jointly owned with: Non-Profit or Academic Institution (go to 2b.) Commercial / For-Profit Entity (Stop here)

If answer to 2a. (above) is "Commercial/For Profit Entity", do not complete the rest of this form. The project is not eligible for this opportunity.

2b. Is there an inter-institutional agreement already in place in which UC has the lead? Yes (go to 3 IP Protection) No (Stop here)

If answer to question 2b above is "No", do not complete the rest of this form. The project is not eligible for this opportunity.

3. IP protection. Provide information about the kinds of IP protection sought (e.g., filed provisional, regular utility, plant or design patent applications; copyrights; trademarks), if any, as well as numbers of any issued patents or other kinds of IP.

| Date | IP Protection Type | Issued (yes/no) If yes provide number |
|------|--------------------|--|
| | | |
| | | |
| | | |

To the best of the technology licensing officer's knowledge the technology is unencumbered by any prior obligations.
