

STUDENT OFF-CAMPUS TRAVEL ACCIDENT INSURANCE

When traveling to participate in off-campus activities sponsored and supervised by the University, students will be covered worldwide, 24 hours a day, for a wide variety of accidents and incidents while away from the campus. Effective October 1, 2007, the University has changed the Student Off-Campus Travel Accident insurance to ACE USA.

This new coverage is broader and more generous and is provided at no cost to students, but **you must register all off-campus activities out-of-state or to a foreign country to ensure coverage.** Coverage is automatic for off-campus activities within the state and registration is not required for those activities. This coverage includes:

- Benefits for:
 - Accidental Death,
 - Accidental Dismemberment, and
 - Paralysis

- Travel Assistance Services (when student traveler is 100+ miles from campus; security extraction not subject to mileage limitation) such as:
 - Security Extraction,
 - Emergency Medical Evacuation and Repatriation,
 - Repatriation of Remains,
 - Accident/Sickness Medical Expense (\$10,000 maximum/occurrence), and
 - Other Travel Assistance Services

Students must register any travel out-of-state or to a foreign country at www.uctrips-insurance.org Upon registration, students will receive confirmation of coverage and information to use in an emergency while traveling both domestically and abroad.

The registration will ensure coverage for students while traveling for a University sponsored and supervised off-campus activity. The registration information will serve to verify eligibility to the insurance company in the event students submit a claim, use any benefit, or request travel assistance services.
