

## **Franklin Building Emergency Supplies & Equipment**

- **Stair Chairs** for the emergency evacuation of injured or disabled persons are located in both Stairwell Areas of Refuge on all EVEN Floors (12-10-8-6). These stairwell evacuation chairs should only be used by trained rescuers when the elevators cannot be used (e.g. – fire).

- **Fire Extinguishers** are located on each floor around kitchenettes, copy rooms, or restrooms.
- **AEDs (Automated External Defibrillators)** are located on every floor in the elevator lobby area (except on the 12<sup>th</sup> Floor the AED is located in the hallway opposite the men's restroom/kitchenette); and in the Ground Floor Lobby opposite the security desk.
- **Emergency Oxygen portable unit** is located in the Ground Floor Lobby next to the AED.
- **Earthquake Response kits** containing personal protective equipment, hand tools, flashlights, and various emergency response supplies are located in the President's Reception area (12<sup>th</sup> Floor closet) and Work Management Center (WMC - 7<sup>th</sup> Floor).
- **Disaster First Aid kits** are located in the President's Reception Area (12<sup>th</sup> Floor closet) and Work Management Center (WMC - 7<sup>th</sup> Floor).
- **Light Rescue Tools/Equipment and Cribbing** are stored in the ground floor Fire Control room for use by building life safety staff.
- **Two-way radios** have been issued to floor wardens on each floor for emergency communications with building life safety staff.
- **Flashlights, extra batteries, bullhorns, and other emergency equipment** are kept as a cache at the Work Management Center (WMC - 7<sup>th</sup> Floor) for use by building life safety staff.
