

Transfer Data Submission Template Instructions

A. Admissions Data

1. UC Campus

Report the total number of applications, admits, and enrolled students to your campus from California community college students, by student race/ethnicity.

2. Service Area Community Colleges

Report the total number of applications, admits, and enrolled students to your campus from California community colleges in your service area (by student race/ethnicity).

3. All Other Community Colleges

Report the total number of applications, admits, and enrolled students to your campus from California community colleges outside your service area (by student race/ethnicity).

B. Course Articulation

1. Service Area Community Colleges

- a. Report the number of community colleges with which you have established major and general articulation agreements.
- b. Report the mean number of majors articulated with service area community colleges.

2. All Other Community Colleges

- a. Number of community colleges with which you have established major and general articulation agreements.
- b. Mean number of majors articulated with service area community colleges.

3. List the colleges/departments on your campus that do not accept IGETC (if any).

C. Outreach Visits to California Community Colleges

1. Service Area Community Colleges

List each service area community college by name and report the number of visits during 1999-2000 academic year. List all service area community colleges even if they weren't visited. Please add additional lines as necessary. Include all visits, including those to transfer centers, EOP&S offices, counseling centers, classrooms, or individual student appointments. Each day counts as one visit regardless of the purpose of that visit.

2. All Other Community Colleges

List each non-service area community college by name and report the number of visits during 1999-2000 academic year. Please add additional lines as necessary. Include all visits, including those to transfer centers, EOP&S offices, counseling centers, classrooms, or individual student appointments. Each day counts as one visit regardless of the purpose of that visit.
