Guidelines for the Establishment and Operation of Foreign Affiliate Organizations and Foreign Operations

Dear Colleagues:

Enclosed are two sets of Guidelines which clarify the terms and conditions which must be met by current and proposed [foreign affiliates](#) and [foreign operations](#) established to support the University's teaching, research and public service missions.

These Guidelines derive from the July 17, 2002 Regents' action which gave the President authority to establish foreign non-profit, University-affiliated corporations, foundations, associations and/or trusts, and to promulgate appropriate guidelines for foreign operations subject to financial controls approved by the Senior Vice President--Business and Finance.

These Guidelines were developed in consultation with Business and Finance, Academic Affairs, University Affairs and the Office of General Counsel, and are intended to clarify University policy to ensure the smooth operation and appropriate oversight of remote University organizations.

Questions regarding these guidelines should be addressed to the Provost and Senior Vice President--Academic Affairs.

Sincerely,

Robert C. Dynes
