

664-0 **Policy**

Faculty (as defined in [APM - 110-4-15](#)) may receive additional compensation for occasional consultant services on projects conducted under the auspices of the University, provided that the faculty member is not regularly engaged on the project and the contract or grant for the project financed by external funds does not prohibit such compensation. Such service on projects conducted under the auspices of the University is not consulting as defined under [APM - 025](#) or [APM - 671](#); time spent as a faculty consultant does not count toward [APM - 025](#) or [APM - 671](#) time limits. (See also [APM - 380](#) and [APM - 600-14-a.](#))

664-18 **Amount**

Faculty consultants are paid at a negotiated rate approved by the Chancellor, Lawrence Berkeley National Laboratory Director, or equivalent official at the UC location where the consulting is done. The maximum amount per day which is permitted is the daily rate plus an additional 30 percent which may be paid in consideration of the fact that there are no benefits provided for such services.

The daily rate for academic-year appointees is determined by dividing the appointee's total nine-month salary by 171. For fiscal-year appointees, the daily rate is determined by dividing the total annual negotiated salary by 236.

664-24 **Authority**

Authority to approve payment of additional compensation for services as a faculty consultant rests with the Chancellor of the faculty member's home campus. The official at the location where the consulting is performed must notify the Chancellor at the faculty member's home campus in advance of the activity being performed so that the approval to pay the faculty member is obtained prior to the service being performed.
