Benefits and Privileges: APM - 750 - Leaves of Absence/Leave for Service to Governmental Agencies

750-0. Policy

Leave of absence may be granted to members of the University staff, academic appointees for consultation or other services to governmental agencies. When the appointee is compensated for services by the governmental agency, usually these leaves of absence are granted without pay. However, full or partial pay may be granted for leaves of 30 days or less, and partial pay may be granted for longer leaves under the conditions stated in APM-750-10 below, provided the total compensation received during the leave does not exceed the compensation the appointee would normally receive from the University.

Appointees on a governmental service leave should refer to their obligations under APM - 025 and APM - 671 which specifies further details about governmental service.
