

Irvine East Campus Commercial Development

FY of Approval: 2014-15

Project Description

- Provides food facilities, convenience stores, and specialty shops to serve a large East Campus district student community.
- Addresses need resulting from the completion of three student housing developments in the last eight years, accommodating over 4,800 students. No retail or food services currently exist in this sector of the campus.
- Develops a retail shopping center.
- Privatized development project.
- Supports campus goal to provide support facilities for all campus activities.
