

Santa Barbara Campbell Hall Replacement Building**988703****Fiscal Year** 2015-16**Project Description**

- Replaces major campus and community space, built in 1961.
- Provides campus with a safe, accessible, modern, state-of-the-art instructional facility that will be energy efficient and minimize carbon emissions.
- Addresses the life-safety, seismic, code upgrade, and programming problems with the existing building.
- Replaces the campus's largest lecture hall (860 seats), used extensively by classes and multiple arts and music events, and with very high utilization rates; continued operation of the existing Campbell Hall during construction of the replacement building enables continued scheduling of large instructional workload.

Project Scope Summary

ASF	16,000
GSF	24,500

Summary of Budget by Fund Type

General Funds Financed	\$	15,787
Campus Funds	\$	15,787
Gift Funds	\$	-
