

Where do you want to go?

Winter 2018/19 Edition

As 2019 kicks off, the Central Travel Office would like to introduce new partnerships, more discounted hotel rates and opportunities for increased airline points and status match programs. We've also continued to enhance the Connexus portal and added services to the systemwide travel program, such as partnering with Airbnb, Uber and JetSuiteX.

To continuously provide you with the best services needed, we strive to deepen and strengthen our relationship with you and look forward to offering many more perks and improved rates in the coming years.
