

RD1.1 CONSULTANT QUALIFICATION PACKET
(see [FM3\[I\]:2.3](#))

SELECTION CRITERIA (ATTACHMENT A)

{The selection criteria should be developed to focus on the specific needs of the project. Several examples are provided below but they are not an exhaustive list of such criteria. }

Design ability. Ability as it can be evaluated by examination of the functional, technical, economic, and aesthetic qualities of projects done for the University or other clients.

Research potential. Capability to undertake appropriate research to resolve design problems specific to the needs of the program or project under consideration.

Program responsiveness. Previous experience that demonstrates success in completing projects consistent with program schedule, budget, and technical requirements, and that indicates the ability to complete the proposed project in a manner that is responsive to the specifics of the program.

Evaluation of engineering consultants proposed to be employed. Previous experience with special engineering requirements appropriate to the project under consideration with evidence or expression that appropriate consulting advice can be obtained as required.

Production capability. Evidence of ability to perform all design phases of the work, to produce construction documents of superior quality and to meet the completion schedule for each phase.

Coordination and supervision. Evidence of ability to provide efficient and comprehensive project management during the construction phase of the project, including review of shop drawings and other requirement submittals, substitution requests, prompt resolution of claims, technical direction of the University's and the design professional's inspectors, technical supervision of the work, and prompt decision-making; and enforcement of the provisions of contract documents.

Proximity to the project location, or willingness to establish a local office.

Client relationships. Recognition of the need to work harmoniously with administrative and academic staff.

Management. Ability to manage complex projects and effectively coordinate with the University and other participants.

Experience. Experience in the preparation of LRDPs and specialized experience in the development of LRDPs for the University.

License Requirements. The services require the following license {PROVIDE SPECIFIC REQUIREMENTS}

Equal Opportunity. The commitment of the University to equal opportunity applies to the selection of consultants.
