## Q2.1 Survey Instructions

---

Q2.2 Please follow these instructions when responding to the survey questions:

**If you have a spouse, children, or other dependents**, please include their housing, food, transportation, and personal expenses.

If you are **single with no dependents** and share any of the expenses asked about in the survey (e.g., housing, food, transportation, personal, health expenses) with roommates or family members who live with you, please **report your share only**.

On this survey, all expenses are to be reported for the **current academic year, 2018-2019**. When reporting monthly expenses, please estimate costs for a typical month within the current academic year, not necessarily the current month.

Only include expenses for those items specifically requested by each question. There is space provided near the end of the survey for any expenses that do not fit into the predefined categories.

Use the toolbar provided in the survey, not your internet browser, for backward and forward navigation.

You can leave the survey at any time and your answers will be saved. To access the rest of the survey, log in again to pick up where you left off.
