1. ROLES AND RESPONSIBILITIES

Board of Regents

The Board of Regents (“Board”) defines the goals and objectives of UCRSP and is responsible for establishing and approving changes to this Policy. The Board may delegate the implementation of this policy to sub-committees, the Chief Investment Officer and investment advisors.

Chief Investment Officer

The Chief Investment Officer (Office of the Chief Investment Officer”, “OCIO”, “UC Investments”) is responsible for implementing the approved investment policies and developing investment processes and procedures for asset allocation, risk management, investment manager selection and termination, monitoring and evaluation, and the identification of management strategies that will improve the investment efficiency of UCRSP assets.

Trustee/Custodian

The role of the Trustee/Custodian is to provide safekeeping, accounting and valuation of Trust assets.

Recordkeeper

The role of the recordkeeper is to process and track participants' transactions, investment selections, and account information. The recordkeeper may also help the UC with participant communications, website access to account information, and customer service.

2. OBJECTIVES

Overall Objective

The objective of UCRSP is to ensure the Program provides participants the opportunity to invest their assets among a broad range of investment alternatives in order to create portfolios appropriate to their investment and savings needs. The fund options shall enable participants and beneficiaries to achieve a diversified portfolio with aggregate risk and return characteristics appropriate for them.

Sustainability Objective

The OCIO shall incorporate environmental sustainability, social responsibility, and governance (ESG) into the investment evaluation process as part of its overall risk assessment in its investments decision making. ESG factors are considered with the same weight as other material risk factors influencing investment decision making.

The OCIO uses a proprietary sustainability framework to provide core universal principles that inform the decisions and assist in the process of investment evaluation. The OCIO manages the UCRSP consistent with these sustainability principles. The Framework can be found on the OCIO website in the sustainability section.

3. INVESTMENT GUIDELINES

To achieve the foregoing objectives, the Program offers participants and beneficiaries a broad range of investment options spanning the following three tiers.

TIER 1: UC Pathway Funds (Target Date Funds)

UCRSP will offer target date funds that may invest in a mix of actively and/or passively managed underlying investment strategies, with each target date fund addressing a different time-horizon. The UC Pathway Funds should have a glidepath profile that is appropriate for the Plan based on certain characteristics of the Plan. The construction and implementation of the glidepath may be delegated to an external Investment Manager.

TIER 2: Core Fund Options

UCRSP may offer passively and actively managed fund options in a range of asset classes that provide diversification opportunities, with appropriate fees and risk levels. Participants may select one or more of these investment options to build a portfolio that reflects their desired risk and return profile.

TIER 3: Self Directed Brokerage

The Self Directed Brokerage option available through UC's selected recordkeeper platform allows participants or beneficiary to invest in investment options outside the UCRSP fund options.

This policy is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the University of California or its Board of Regents, individual Regents, officers, employees, or agents.

7. DISCLOSURES
