Dear *Karen* *Finn*:

Pursuant to Sections 92493 through 92496 of the Education Code (2015 Budget Trailer bill, SB 81, Chapter 34, Statutes of 2015), enclosed is the University of California's 7<sup>th</sup> Amended List of Proposed Energy Projects for inclusion in the Statewide Energy Partnership (SEP) Program. Sections 92493 through 92496 permit UC to expend state operating funding for energy conservation projects and debt service payment for projects associated with UC's Statewide Energy Partnership (SEP) Program following appropriate notice of the projects that are to be funded from operating funds. Attached is a revised version of the August 26, 2010 letter that your office sent to the State Legislature informing them of the program and projects proposed for funding at that time. This version includes current legislative leadership and references the amended list of projects.

As further engineering and financial analysis has been carried out, new projects have been identified for inclusion in the Partnership Program. The University requests that the list of authorized projects (including the original list your office submitted to the Legislature on February 5, 2010, the first amended list submitted on August 26, 2010, the second amended list submitted on September 2, 2011, the third amended list submitted on May 30, 2012, the fourth amended list submitted on February 13, 2013, the fifth amended list submitted on October 30, 2013), and the sixth amended list submitted on April 24, 2014) be amended to include the attached seventh amended list of projects.

Consistent with the language in Section 92495(b) of the Education Code, it is our request that the Department of Finance approve this request no sooner than 30 days from the date of this letter. If you have any questions or need additional information regarding this matter, please call Director Clifton Bowen at (510) 987-9819.

Please let me know if you need anything else.

Sincerely,

Nathan Brostrom  
Executive Vice President and  
Chief Financial Officer

**University of California, Statewide Energy Partnership (SEP) Program, Approval of Additional Projects**

Sections 92493 through 92496 of the Education Code (SB 81, Chapter 22, Statutes of 2015), permit the University of California (UC) to expend state operating funding for capital expenditures and debt service payment for projects associated with UC's Statewide Energy Partnership Program (SEP) Program following legislative notification of the projects that are to be funded from operating funds. This provision permits UC to update the list of approved energy efficiency projects as new projects are identified for inclusion in the program, in a manner consistent with the reporting requirements set forth in Sections 92493 through 92496 of the Education Code.

The Department of Finance has received a notification from UC for the purpose of updating the list of approved energy efficiency projects to be included in its Partnership Program. As further engineering and financial analysis has been carried out, UC has identified new projects for inclusion in the Partnership Program, and UC requests that the list of authorized projects (including the original list submitted on February 5, 2010, and the first amended list submitted on August 26, 2010, the second amended list submitted on September 2, 2011, the third amended list submitted on May 30, 2012, , the fourth amended list submitted on February 13, 2013, the fifth amended list submitted on October 30, 2013, and the sixth amended list submitted on April 24, 2015) be amended to include the attached seventh amended list of new projects.

Consistent with the language in Section 92495(b) of the Education Code, it is our intent to approve this request no sooner than 30 days from the date of this letter. If you have any questions or need additional information regarding this matter, please call Karen Finn, Program Budget Manager, at (916) 324-0043.
